1.00 unit	Generic ingredient	Other 3 pounds of canned pumpkin

Recipe Notes

3 pounds of pumpkin, 18 ounces of organice rolled oats. half a thing of pumpkin pie spice

Batch Notes

the wort was really thick, and even after an hour never really boiled over. Hope it was enough to convert. Went a little higher than 5 gallons, since i'll lose some from the pumpkin when going to secondary. I try to get as much of the pumpkin mush into the secondary as possible, but it's pretty thick and settles out.
